**Finalists announcement for the Oscars of Asia Pacific's eldercare industry is out! Congratulations! Do check your inbox for the formal announcement.**

The first of its kind in the Asia Pacific region, the Asia Pacific Eldercare Innovation Awards was created to provide an annual recognition to organisations in the Asia Pacific that demonstrate eldercare innovation in their business, operational and service models to change the way our older adults age.

Bringing together top industry leaders and professionals for the fifth time, the Asia Pacific Eldercare Innovation Awards Dinner Ceremony will be held on 26 April 2017 at the Marina Bay Sands Convention Centre to celebrate and applaud efforts that deliver dignity, health and happiness to the region's older adults.

The 5th Asia Pacific Eldercare Innovation Awards is held in conjunction with the annual [8th International Ageing Asia Innovation Forum 2017](#) held in Singapore from 25-26 April, and is one of the activities in the International Ageing Week in Singapore.

“ The awards aim to recognise Asia Pacific's care organisations who have gone the extra mile to improve health, quality of life and independence for our elderly. We hope to improve the image of the care industry in our region by focusing on the innovative contributions of organisations and their teams. ”
